Vision for Division Committee.....

is working to improve the streetscape in our community. This committee is a fund raising group that encourages people to donate money for new street lighting and the small park areas. The park areas have planters, park benches and a trash container and have been installed along Division Avenue. The community is invited to make monetary contributions for the benches and planters. The phase I of improvements is from 60th to 68th streets. In the spring of 2007, phase II will begin from 68th street to 76th.

Vision for Division is also selling bricks that are installed in the streetscape. You can have your name or your company name engraved on them. You can also purchase one in memory of a loved one, for a lasting memory. The cost of each brick is \$75.00. For more information, please contact the chamber.

Congratulations John Huizinga, Cutlerville VIP!

John Huizinga was the owner of the family business, Huizinga Lawn Sprinkling, Inc. that he started in 1968 after working in the irrigation and snow plowing business since 1960. John and his wife Pat, have three children, Donna Ritsema, Ruth Cook and John Jr.

In 2001, John Sr. retired to part time, and sold the business to John Jr. He had been working for the company for 13 plus years in the installation and service departments.

John Sr. and his wife enjoy going on a few vacations as they both have family in the Netherlands and like to visit with them there. They also have taken bus trips throughout Europe and the USA.

John Sr has been on the Cutlerville Chamber of Commerce board for the past five years, and is on the Vision for Division Committee, which is working to improve the streetscape in our community. CONGRATULATIONS JOHN!
